

COACH REPOWER UPGRADES

ABC UPGRADE SERVICE

Repower your CAT/ZF Van Hool with a DDA S60/Allison B500

- Replace CAT engine and ZF Transmission with a factory remanufactured Reliabilt DDA S60 EGR engine and Allison B500 transmission
 - Includes replacing an extensive list of over 175 parts required for the installation of the remanufactured engine and its proper performance — i.e. wire harnesses, pipes, muffler, mounting brackets and necessary frame modifications.
- Repowered coach will meet same EPA emission regulations as the removed engine.
- One year engine manufacturer warranty included*
- Two year transmission manufacturer warranty included*
*Warranty is provided by the manufacturer. See manufacturer's terms and conditions for details.
- Estimated two to three week turnaround when appointments are scheduled in advance
- Work will be performed at the ABC Florida and Minnesota Bus Refurbishment Centers where, for an additional cost, the coach can be refreshed, repainted, updated and mechanically overhauled at the same time. All additional requested services will be quoted separately.

Van Hool C2045

EPA '04 = Contact ABC for your repower quote
8-05428

EPA '07 = Contact ABC for your repower quote
8-05419

VH T2145

EPA '04 = Contact ABC for your repower quote
8-05428

**Price includes: engine, transmission, and any necessary accompanying parts (see above). Other parts not required for the replacement of the engine and transmission will be quoted separately to customer. ABC to retain take out cores and components. Final price may change following inspection due to condition of coach. Customer is responsible for transportation of the coach to and from ABC facility, and all associated costs.
