

Service Bulletin No. 1048

For ABC-staff only

MODEL : S2145 (Shell)

TYPE : Service information

MANUAL & SECTION : Operator's Guide Book M379 (Cummins)
Operator's Guide Book M381 (Detroit Diesel)

DATE : June 30th, 2000

SUBJECT : S2145 (Shell) OGB supplement

CONDITIONS : Service information only. Note that no claims will be accepted with reference to this Bulletin.

DESCRIPTION:

A "Shell" supplement to the standard T2145 Operator's Guide Book has been released for distribution to end-users. File this supplement at the front of either standard manual M379 (Cummins) or M381 (Detroit Diesel) respectively, depending on the make of engine installed in the vehicle.

This Bulletin is one of a special series, custom made for ABC/ICP and intended for internal use by these companies and their branches. Under no circumstances should information contained herein be made public or used to replace or supplement customer oriented information without prior consent by Van Hool.
