

Service Bulletin No. 1054

For ABC-staff only

MODEL : S2145 (Shell)

TYPE : Service information

**MANUAL &
SECTION** : Maintenance Manual M380D

DATE : September 30th, 2000

SUBJECT : S2145 (Shell) MM supplement

CONDITIONS : Service information only. Note that no claims will be accepted with reference to this Bulletin.

DESCRIPTION:

On behalf of S2145 customers, a "Shell" supplement to the standard T2145 Maintenance Manual has been released for distribution. To convert the standard manual into a "Shell" manual, file this supplement at the front of manual M380, revision D.

This Bulletin is one of a special series, custom made for ABC/ICP and intended for internal use by these companies and their branches. Under no circumstances should information contained herein be made public or used to replace or supplement customer oriented information without prior consent by Van Hool.
