DESCRIPTION :

A glare shield has been developed and released for distribution as an add-on product for the left hand external rear view mirror of T2100 Series coaches, featuring the small driver's sash window. This accessory offers added comfort and visibility for the driver by eliminating unwanted reflections without obstructing the view. It neatly matches the interior trim and can easily be fitted to the upper front inside corner of the driver's window frame with double sided self adhesive tape (see Figures 1,2 and 3).
The T2100 Series glare shield may be obtained from you nearest International Coach Parts dealer.

PARTS:
Always use genuine maintenance products and parts. Do not accept imitations!
