FORD TRANSIT
CURBSMART™ MICROTRANSIT
COMMUNITY ACCESS

CurbSmart Ford Transit with patent pending curb-side walk-in door and power wheelchair lift provides safe, easy access to the vehicle for all types of passengers.

Designed for Safe, Efficient Curbside Entry & Exit

Driverge's patent pending CurbSmart™ Microtransit Community Access vehicle was designed for serving all types of metro riders with efficient curbside entry and exit. A heavy-duty lift for wheelchair passengers offers safe accessibility, while a 27" wide and 80" tall walk-in door provides generous height for all size passengers. Combined with our SmartFloor seating and flooring technology, CurbSmart's unique design provides businesses of all types with the flexibility and performance to meet their changing ridership needs.

CurbSmart™ Features

- Up to 6 ambulatory passengers plus 2 wheelchair passengers (including driver)
- 800# side lift and retractable wheelchair restraints
- SmartFloor technology with flexible seating options
- 11" ground clearance and 11.5" first step height
- 27" x 80" rear door opening provides ample entry room for taller walk-in passengers
- Slip resistant, durable flooring
- Overhead standing rail for additional passengers
- Optional roof-mounted secondary AC system

Ideas made to move
